Communications

1. Sense of the Senate Resolution

Senator Schmaltz introduced a Sense of the Senate Resolution. The Resolution was initiated by chairpersons of academic senates from universities in Illinois. It opposes any legislation that would grant extension of authority of the Illinois Board of Higher Education to the following areas: terminating units of instruction, research, and public service within individual universities; setting tuition and fee increases for all public universities; requiring all public universities and community colleges to obtain IBHE approval for all capital projects, including financing; and extending oversight to university foundations, alumni associations, and other organizations with the university structure. Motion XXVI-65 by Senator Cook to pass the Sense of the Senate Resolution (seconded by Senator Razaki) carried unanimously on a voice vote.

2. 12-Month Pay Option for Faculty

Senator Johnson presented a 12-month pay option for faculty. Discussion on the plan followed. Senator McCaw suggested that the faculty ask for the option to choose individually between the 12-month plan and the 9-month plan. Senator Weber asked how the plan chosen would be implemented. Senator Johnson responded that the Provost would make the final decision. Senator D. Strand said that this issue was being explored at the request of the faculty; it is not an administrative overture.

3. Report from Student Affairs

Senator Mersinger reported that the Student Affairs Committee met with the Executive Committee of the Athletic Council regarding the cancellation of the soccer and wrestling programs. The May 1 deadline for athletes to respond as to whether or not they want to keep their scholarships has been extended to August 1. The students will continue to receive the same benefits they were receiving as athletes, such as early registration. The Athletic Council sent letters to all of the athletes that were affected by the cuts, suggesting that they meet individually with the Council to discuss how the Council could help them with transfers, etc.

Motion XXVI-66 by Senator Johnson (seconded by Senator Borg) to adjourn carried on a voice vote.

The meeting adjourned at 9:30 p.m.
